Quick Links:
- Faculty/Instructors
- Building Managers
- Floor Monitors

1. Immediately obey evacuation alarms and orders to evacuate
   - Classes in session must evacuate
   - OSU employees are to ensure students, visitors, visiting vendors and guests to the campus are evacuated

2. If time allows and without endangering yourself:
   - Place equipment in a safe configuration
   - Close doors and windows
   - Inform others in your vicinity of the current situation
   - Take any personal items you may need

3. Leave the building - do not use elevators
   - Use the nearest, safest exit
   - Warn others as you evacuate, but do not delay your own evacuation
   - All personnel are to exit the building

4. Assist persons with mobility or other evacuation concerns
   - Ask for assistance to ensure someone will help you
   - Sight impaired persons should be assisted through hallways and down stairways
   - Wheelchair bound persons should follow evacuation routes on the ground floor of a building. If not on the ground floor:
     a. Use Evacuation Chair (if available)
     b. Wheel to the nearest assembly area or remain in room by a window and call 9-1-1 to report your location
        - Notify others who are evacuating to inform responders of your location
     c. If no pre-identified area, go to an area that provides a barrier between you and the hazard
        - Communicate with responders. Dial 9-1-1 or OSU Public Safety (541-737-7000)
        - Place a cloth or clothing out a window to attract attention

5. Take your cell phone, valuables, and evacuation kit with you

6. Proceed outside the building to the evacuation assembly area. All personnel should move as far away from the building as practical, so as not to be in danger or in the way of emergency responders. (minimum 50 feet away)

7. Conduct accountability for personnel under your supervision

8. Wait for official notice before attempting to re-enter the building

Top

Classroom / Lab Instructors

1. Identify an assembly point 50 feet from the building
2. Direct the class to exit through the nearest safest exit
3. Assign two individuals for each student with disabilities to assist in their safe evacuation from the building
4. Check the classroom/lab area to ensure evacuation is complete prior to exiting the area
5. Once outside, check to see that no one is missing. Report status to a floor monitor or building manager

Title: Center Against Rape & Domestic Violence

OSU Environmental, Health and Safety (EH&S)

Maintenance

2. OSU web page:

Title: Counseling and Psychological Services

8. Repeatedly engaging in risky behavior

5. Sleeping, and/or eating habits that change dramatically

When a very serious or threatening incident of disruptive behavior occurs in the classroom, academic building, or on the OSU campus, or the behavior places...
Building Manager / College point of contact

1. Take clipboard with check-sheet, building map and cell phone/radio and report to the Evacuation Area
2. Gather accountability status from Floor Monitors
3. Forward accountability information to the Fire Department Incident Commander
   - Include injuries, etc. Use radio, cell phone or dispatch runner
4. Maintain order at Evacuation Area - provide periodic event updates to personnel
5. When the Incident Commander has given the "All Clear," ensure all personnel at the Evacuation Area are made aware of the message

Floor Monitor Staff

1. Take clipboard with check-sheet, building map and cell phone/radio
2. Conduct "Accountability Check" (negative or positive depending upon procedure) within area of responsibility:
   - Sweep designated area (including bathrooms, closed doors, etc.)
   - Notify building occupants to evacuate building
   - Report accountability for area of responsibility to Building Manager
   - Identify if persons needing assistance are still inside building
   - Monitor building access points to prevent re-occupation
3. Report to Evacuation Area and assist Building Manager as necessary

Shelter in Place
Lock Down

When you receive notice to seek shelter inside a building, or decide to shelter due to a nearby outside danger:

**Shelter In Place**

1. Seek shelter inside a building and remain there
   - If possible, seek shelter in areas without hazards (e.g. chemicals, fume hoods, water tanks, loose material, etc.)
   - If possible, warn anyone outside the building to immediately enter
   - Determine if a threat of violence is present and the building/occupants should lock internal and access doors

2. If a weather event, go to the lowest level of the building, stay in interior hallways, away from glass doors and windows

3. If an outside chemical or hazardous material causes the sheltering, move everyone to the 2nd or 3rd floors of the building
   - Close exterior doors and windows
   - Shut down the building’s air handling system (if possible)

**Lock Down**

1. If a lock down situation:
   - If safe to do so, lock the exterior doors
   - Seek shelter inside a room that the door can be locked and barricaded
   - Lock the door and barricade it
   - Stay away from windows so no one can see you
   - Seek cover behind/under solid objects
   - Silence cell phones or other devices that make noise and could draw the intruder’s attention

2. If intruder is in your building, and it is safe to do so, report your situation:
   - OSU State Police (541-737-7000)
   - 9-1-1

3. Monitor TV or website news, if possible

4. Wait for official notice to resume normal activities
   - By OSUAlert notification
   - By person in hallway announcing all clear (it is acceptable to ask for official identification prior to unlocking the door)
   - Telephonic notification from the University
   - University website

5. Conduct accountability for personnel under your supervision

6. Be prepared to conduct immediate evacuation if told to do so
Active Shooter

Table of Contents

Response Contacts
OSU State Police: 541-737-7000

Law Enforcement: 9-1-1

1. Run - if you can run away or avoid the shooter, do so
   • warn others as you flee

2. Hide - if you can see the shooter or be seen by the shooter
   • lock/barricade the door
   • turn off radios, lights, close blinds
   • keep out of sight, behind something substantial
   • silence cell phone
   • call 9-1-1 or 541-737-7000

3. Fight - if the shooter sees you and you can't escape, fight for your life
   • arm yourself with something that can be used as a weapon

1. Remain calm, initiate lifesaving measures if required
   - Do not move injured person unless there is danger for further harm in their current location

2. Call 9-1-1 for emergency medical assistance. Also call OSU Public Safety for notification and assistance (541-737-7000)

3. Call out for help so others nearby can respond to the event
   - Call or send someone to call for Emergency Medical services (dial 9-1-1)
   - Give your name, location, and telephone number. Provide as much information as possible regarding the nature of the injury, or illness, and whether or not the victim is conscious, etc...

4. Provide first-aid
   - Administer first aid (if properly trained)
   - Keep the victim as comfortable as possible
   - Remain with the victim until the assistance arrives
   - DO NOT give fluids or food unless authorized by a medical provider
   - Protect yourself from potential blood borne pathogens (human blood and other body fluids)
   - Protect yourself against exposure to hazardous materials. Consult the Safety Data Sheet and wear appropriate personnel protective equipment.

5. Send someone to meet the ambulance and guide it to the patient

1. Activate the nearest fire alarm pull station to alert building occupants and Public Safety
   - Fire alarm will sound (either a gong or electric chime)
   - Buildings equipped will also have strobe light activation to indicate an active fire alarm
2. Everyone leave the building immediately when an alarm sounds. Notify others around you of the evacuation, but do not delay your evacuation.
   - If time allows, and you can perform the action without endangering yourself:
     - place the equipment you are operating into a safe configuration before evacuating
     - close doors and windows before evacuating, if this can be accomplished quickly and safely
3. Evacuate through the nearest safest exit
4. Call 9-1-1 to report the fire alarm, after evacuating building. Also call OSU Public Safety to report the fire alarm (541-737-7000)
5. Do not re-enter the building until fire or police give permission to do so
6. Move to evacuation assembly area. If evacuation area cannot be reached or is unknown, move as far away from the building as practical, so as not to be in danger or in the way of emergency responders. (a minimum of 50 feet).
7. Once safely outside, check to make sure no one is missing, and inform Building Manager/Leadership/emergency responder if someone is unaccounted for
8. Do not use elevators during an evacuation
9. If evacuation routes are blocked, remain in your room, stand by a window, and call 9-1-1 to report your location, and wait for fire department assistance
10. Individuals with mobility or evacuation concerns:
    - Ask for assistance to ensure someone will help you
    - Sight impaired persons should be assisted through hallways and down stairways
    - Wheelchair bound persons should follow evacuation routes on the ground floor of a building. If not on the ground floor:
      a. Use Evacuation Chair (if available)
      b. Wheel to the nearest assembly area or remain in room by a window and call 9-1-1 to report your location
         - Notify others who are evacuating to inform responders of your location

Quick Links
- Crime in Progress
- Sexual Assault/Assault

Crime in Progress

1. Move to a safe location
   - Do not attempt to apprehend or interfere with the criminal except in case of self-protection
2. Call the OSU State Police at 541-737-7000
3. Remain calm, tell the dispatcher where you are calling from, what has happened, and give your name and the phone number to call you back
   - If safe to do so, attempt to get a good description of the criminal. If the criminal is entering a vehicle, note the license number, make, model, color, and outstanding characteristics of the vehicle. Answer all questions asked. Remain on the telephone until dispatcher releases the call.
4. In the event of a civil disturbance, after you have contacted 9-1-1, contact Public Safety (541-737-7000). Continue as much as possible with your normal routine. If the disturbance is outside, stay away from doors and windows
5. Meet police when they arrive, if safe to do so
   - Do not interfere with those persons creating the disturbance, or with authorities on scene.

Sexual Assault or Assault

1. React early - fight for your life, strike eyes, throat, and groin. Pull your attacker's hair.
2. Yell "Fire" to draw attention to you
3. Run away to a place where there are other people
4. Call the police, 541-737-7000 or 9-1-1
5. Preserve evidence - do not wash your clothes, shower, douche, or clean the area where the crime was committed.

- [Bomb Threat](#)
- [Susp. Object/Bomb](#)
- [Bomb Threat Checklist](#)

### Bomb Threat

1. Keep the caller on the phone as long as possible
2. Get detailed information from caller (use [Bomb Threat Checklist](#) below)
3. Look at telephone display, if equipped, write down the number
4. Have someone call 9-1-1 and OSU Public Safety Dispatch (541-737-7000) from a separate phone
   - Give your name, location and telephone number. Inform 9-1-1 of the situation
   - Include any information you may have as to the location of the bomb, time it is set to detonate, and the time you received the call
   - Do not hang up until the dispatcher releases you from the conversation or if you feel threatened to remain on the phone in your current location
5. Inform your supervisor and/or department head. Indicate to your supervisor that you have notified 9-1-1 and OSU Public Safety
6. Evacuate if directed to do so.
   - If you should spot a suspicious object, package, etc., report to 9-1-1 or Public Safety (541-737-7000). Do not touch, tamper, or move it in any way.

### Suspicious Object/Bomb found

1. Do not touch the device
2. Immediately evacuate the area to the evacuation point
   - Look for other objects as you depart
   - Look around evacuation area for other suspicious objects
3. Do not use cellular or radio communication within 100 feet of the device
4. Evacuate others in the vicinity
5. Call 9-1-1 and OSU Public Safety Dispatch (541-737-7000) to report the suspicious object
6. Be prepared to move farther away, if so directed by law enforcement

### Bomb Threat Checklist (Record your answers on a separate piece of paper)

1. Where is the bomb located?
2. What time is it set to go off?
3. What does the bomb look like?
4. What kind of bomb is it?
5. What will cause it to explode?
6. Did you place the bomb?

7. Why?

8. What is your address?

9. What is your name?

10. Notes:

   - Gender of caller
   - Age
   - Race
   - Duration of call
   - Caller's Voice [calm, raspy, crying, deep, laughing, angry, normal, ragged]
   - Background Sounds [street noise, local, motor, static, factory equipment, dishes]
   - Threat Language/wording [well spoken, foul, recorded]
Incident Report Form for Susp. Object / Bomb Threat

NOTE: THIS REPORT WILL BE EMAILED TO OSU PUBLIC SAFETY. YOU MUST ALSO CALL TO REPORT A BOMB THREAT: 541-737-7000

Your Name

Your Phone Number

Where is the bomb located?

When will it go off?

What does it look like?

What kind of bomb is it?

What will make it explode?

Did the caller place the bomb?

☐ Yes ☐ No

Quick Links

Chemical Spill
Minor Radioactive Material Spill
Major Radioactive Spill

Chemical Spill

1. Alert people in the immediate area to evacuate; close doors to affected area
2. Determine the size of the spill and respond appropriately, according to the spill response plan
   - Immediately evacuate the area if you are not equipped to mitigate the spill
   - Wear personal protective equipment
   - Obtain spill control materials
   - Contain the spill
   - Dispose of material correctly
3. Attend to injured or contaminated person if safe to do so
4. Have person with knowledge of incident or area assist responding emergency personnel
5. Some emergencies require the evacuation of the buildings. The sounding of the fire alarm system or verbal orders in the building will signal evacuation.
   - Check to make sure no one is missing, and inform emergency responders if someone is unaccounted for.

Top

Minor Radioactive Material Spill:

1. Alert people in the immediate area of the spill.
   - Evacuate area if health risk exists
     - Confine movement of personnel to prevent spread of contamination
2. Notify Department of Public Safety (541-737-7000)
3. Wear protective equipment, including safety goggles, disposable gloves, shoe covers, and long sleeve lab coat.
4. Place absorbent paper towels over liquid spill. Place towels dampened with water over solid material.
5. Monitor area, hands, and shoes for contamination with and appropriate survey meter, or method.

Top

Major Radioactive Spill:

1. Attend to injured or contaminated persons and remove them from exposure.
2. Have potentially contaminated personnel stay in one area until they have been monitored and shown to be free of contamination.
3. Alert persons in laboratory to evacuate.
   - Do not cross potentially contaminated paths.
Personnel that think they are contaminated should segregate themselves from non-contaminated personnel.

4. Notify 9-1-1, if needed

5. Notify Department of Public Safety (541-737-7000)

6. Close doors and prevent entrance into effected area.

7. Have personnel knowledgeable of incident and laboratory assist emergency response personnel.

Eyes
Skin
Inhale
Ingest

If poison is splashed in eyes:

1. Call out for help so others can come to you.
2. Rinse eyes with running water for up to 15 minutes, Hold the eyelid open while water flows over the eyeballs.
   - Do not rub the eye.
3. Call 911 for medical assistance, if needed.
4. Call Poison Control Center (1-800-222-1222)
5. Contact employee’s supervisor.
6. Protect yourself against exposure to hazardous substances.
   - Consult the Safety Data Sheet.
   - Wear appropriate personnel protective equipment.

If poison is splashed on skin:

1. Call out for help so others can come to you.
2. Take off any splashed clothing, rinse skin with running water for up to 15 minutes.
3. Call 9-1-1 for medical assistance, if needed.
4. Call Poison Control Center.
5. Contact employee’s supervisor.
6. Protect yourself against exposure to hazardous substances.
   - Consult the Safety Data Sheet.
   - Wear appropriate personnel protective equipment.

If poison is inhaled:

1. Call out for help so others can come to you.
2. Get patient to fresh air, open doors and windows.
3. Call Poison Control Center (1-800-222-1222).
4. Contact employee’s supervisor

5. Protect yourself against exposure to hazardous substances
   - Consult the Safety Data Sheet
   - Wear appropriate personnel protective equipment

If poison is ingested:

1. Call out for help so others can come to you
2. Call 911 for medical assistance, if needed
3. Call Poison Control Center (1-800-222-1222)
4. If cleaning product is swallowed, prepare to give one glass of water or milk to drink, under the direction of the Poison Control Center (unless person is unconscious, having convulsions or is unable to swallow)
5. Contact employee’s supervisor
6. Protect yourself against exposure to hazardous substances
   - Consult the Safety Data Sheet
   - Wear appropriate personnel protective equipment
In the event of a civil disturbance, after you have contacted Oregon State Police (541-737-2030), ask for assistance to ensure someone will help you. Close doors and windows before evacuating; make sure to place the equipment you are operating into a safe configuration before evacuating. If the victim is conscious, ask them to help you evacuate. If not, lock/barricade the door and keep the noise to a minimum. As soon as possible, head for higher ground. Do not open windows or go outdoors, as there could be flying glass or broken windows. Lock the door and barricade it. Do not call others who may be in danger. Call 911 or Oregon State Police (541-737-2030) as soon as it is safe to do so. Select a meeting place where you can get back together if separated. Inform others that you are safe.
Weather

Table of Contents

Quick Links
Heat
Lightning
High Winds
Flooding
Winter Storms

Heat

- Hydrate
- Monitor work/rest level
- Avoid sunshine/create shade
- Monitor health of animals

Lightning

- Avoid contact with corded devices or electrical equipment
- Avoid contact with plumbing
- Stay away from windows
- Avoid tall objects/natural lightning rods
- Take shelter in a sturdy building
- Take shelter in an automobile. Avoid touching metal surfaces.

High Winds

- Seek shelter indoors
  - Move away from glass windows
  - Avoid blowing debris
- Secure loose objects that may blow away
- Identify safe areas to move to incase the winds become extreme

Flooding

- Monitor area for rising water
- Do not drive through flooded areas
- Do not walk through moving water
- Do not park near steams or other waterways

Winter Storms (ice/snow/cold)

- Stay indoors during the storm. Monitor weather service forecasts
  - NOAA – Portland Office  http://www.wrh.noaa.gov/pqr/
- Dress appropriately
  - Dress in layers
  - Keep dry
- Open cabinet doors/office doors to allow heat to circulate in closed spaces
- Unless pre-approved, DO NOT burn materials inside of buildings to create heat (e.g. kerosene heaters, BBQs, candles)

Utility Outage

Table of Contents

Response Contacts
OSU Facility Services: 541-737-2969
OSU Public Safety: 541-737-3010

In the event of extended utility loss (power, water, sewage, etc...) to a facility, certain precautionary measures should be taken, depending upon the geographical location and operating environment of the facility:

1. Evacuate the building if:
   a. Loss of power
   b. Loss of hood ventilation

2. Contact Facility Services (541-737-2969) during work hours to report the problem. Contact Public Safety (541-737-3010) after hours or if Facility Services cannot be reached.

3. If stuck in the elevator, use the elevator intercom to request assistance or call Public Safety (541-737-7000)
   a. Remain calm
   b. Call out for help if the intercom does not work
   c. DO NOT attempt to exit the elevator without emergency responders present

4. Be prepared to provide fire monitors if occupancy is permitted during a utility outage

5. Building re-entry for less than 8 hours during a power failure:
   a. Buildings with laboratories - cannot re-enter building until hood ventilation is restored
   b. If the building has a backup generator that powers the life safety/fire detection systems, confirm the generator is running and re-occupy the building.
   c. If the building DOES NOT have a backup generator, a Fire Watch has to be implemented if the building is to be re-occupied while the power is out. A Fire Watch must:
      - Be competent to identify fire hazards
      - Be able to communicate to the fire department if a response is needed
      - Be familiar with the structure and emergency plan
      - Perform patrols every 15 minutes to look for instances of fire
      - Keep a log sheet: Person’s name, time each activity was conducted, description of activity

6. Actions to be taken for Outages lasting more than 24 hours will be communicated from OSU leadership

Top
If you feel an earthquake:

1. Protect yourself (Drop, Cover and Hold-on). Evacuate the building as soon as you deem it safe

   ![Drop, Cover, Hold-on Diagram]

   - Stay away from glass
   - Do not use a doorway unless you know it is a load-bearing doorway
   - Do not exit the building while shaking is going on. Falling debris can kill you
   - Do not use elevators
   - Do not pull fire alarm

2. If outside during the shaking, move away from buildings or other objects that could fall

3. Bring only items you can easily grab, including backpacks especially packed with emergency gear, coat, hat, phone, essentials (e.g. handbag)

4. Conduct accountability at the evacuation area

5. If at the Coast, as soon as the shaking stops, immediately head inland, towards higher ground to avoid the tsunami

*Please tap paperclip below for the HMSC Earthquake/Tsunami Evacuation Plan*

Response Contacts

| OSU Public Safety: 541-737-7000 |
|-------------------|-------------------|
| CAPS: 541-737-2131 |

When a very serious or threatening incident of disruptive behavior occurs in the classroom, academic building, or on the OSU campus, OR the behavior places anyone at immediate risk, call Public Safety Dispatch immediately (541-737-7000).

**Signs of a distressed student:**

1. Excessive class absences
2. Declining academic performance
3. Poor emotional control
4. Excessive moodiness
5. Sleeping, and/or eating habits that change dramatically
6. Excessive concern about personal health, persistent depression
7. Talking openly about suicide
8. Repeatedly engaging in risky behavior

Comprehensive emergency procedures and protocols are outlined in the Oregon State University Emergency Plan. The plan is designed to ensure the safety and well-being of all members of the campus community during various types of emergencies. It includes detailed instructions for evacuation, firefighting, hazardous materials spills, and more.

To access the UHDS Emergency Plan, visit the following link:

PDF attachment for Earthquake / Tsunami
If you feel an earthquake:
• Protect yourself but evacuate the building as soon as you deem it safe; note the time if possible. You must reach a tsunami evacuation point within 15 minutes.
• When the shaking stops enough to walk, immediately evacuate to high ground. The nearest evacuation point from the HMSC campus is the high ground around the south entrance of the bridge. Stay off the bridge.
• Bring only items you can easily grab, including backpacks especially packed with emergency gear, coat, hat, phone, essentials (i.e. handbag).
• Walk; don’t try to drive. Encourage others to move quickly.
• Be prepared for aftershocks. Remain at high ground until the all-clear signal is given. Remember that tsunamis occur as a series of waves.

Do not make these potentially life-threatening mistakes:
• DO NOT go back to your office or spend time packing; grab your emergency gear ONLY if it is handy. Evacuate to higher ground immediately.
• DO NOT wait for an official warning. Evacuate even if the shaking is slight.
• DO NOT re-enter buildings. You will not have time, and they may be unstable.
• DO NOT return to the HMSC campus until an “all clear” from local officials has been issued; beware of unfounded rumors of an all-clear.

Remember, you have 15 minutes or less to reach an evacuation point.
