Samaritan Health Services is hosting the following training for anyone involved or interested in furthering their expertise in the Incident Command System

**Intermediate ICS – 300 for Expanding Incidents** 20 hours

**Course Description:** Enhance your Incident Command skills, with a special focus on new concepts of the Incident Command System (ICS). The training and resources provided in this course will assist personnel who require advanced applications of the ICS. The course will also benefit any person who has a responsibility to function in a command post managing an expanding incident.

**Date/Time:** Monday June 25th & Tuesday June 26th from 8:00 am – 5:00 pm and Wednesday June 27th 2018 from 8:00 am – 12:00 pm.

**Topics:**
- How the National Incident Management System (NIMS) Command and Management component supports the management of expanding incidents
- The incident/event management process for supervisors and expanding incidents as prescribed by the Incident Command System (ICS).
- Implementing the incident management process at a simulated incident.
- Developing an Incident Action Plan (IAP) for a simulated incident.

**Target Audience:** Personnel expected to perform in a management capacity in an expanding incident that may require a higher level of NIMS/ICS training from the following disciplines/services:
- Fire Service
- Emergency Medical Services (EMS)
- Hazardous Materials (HazMat)
- Public Health (PH)
- Public Works (PW)
- Emergency Management (EM)
- Government Administrative
- Private sector and military
- County, State, and Federal agency personnel who may assume a supervisory role in expanding incidents or type 3 incidents
